Introduction - RE Policy

At High Ash CE School, Religious Education plays a vital role in underpinning the school's values of "letting our light shine." Our vision is that we value all God's children; we love everyone unconditionally. We feel that there needs to be a fundamental understanding of diversity and mutual respect. Throughout the school we want everyone to be able to debate in a respectful manner; valuing and understanding others feeling and challenging stereotypes. We recognise the necessity for Christian faith and our parable of the Good Samaritan fortifies our principles. RE reflects the ethos and values that are held and promotes understanding of people of all faiths and none. RE has the same high status as any other subject and contributes to the overall development of our pupils from all backgrounds and traditions.

The Legal Position

Every maintained school in England must provide a basic curriculum (RE, sex education and the National Curriculum). This includes provision for RE for all registered pupils at the school except for those withdrawn by their parents (see paragraph below). As a voluntary controlled school, RE is therefore taught in accordance with the Bucks Agreed Syllabus while also reflecting the requirements of the Statement of Entitlement for Religious Education published by the Education Office of the Church of England in February 2019. The statutory section 48 (SIAMS) inspection will evaluate the way that RE contributes to the Christian character of the school and the teaching of RE will reflect this requirement.

Purpose and Aims of RE

The purpose of RE is to teach children about the religious and non-religious world-views that they will encounter in modern Britain and enable them to engage in meaningful and considered dialogue with those of all faiths and none. This is religious literacy.

Therefore, the aims of RE in our school are:

- To know about and understand Christianity as a diverse global living faith through the exploration of core beliefs using an approach that critically engages with biblical text.
- To gain knowledge and understanding of a range of religions and worldviews appreciating diversity, continuity and change within the religions and worldviews being studied.
- To engage with challenging questions of meaning and purpose raised by human existence and experience.
- To recognise the concept of religion and its continuing influence on Britain's cultural heritage and in the lives of individuals and societies in different times, cultures and places.
- To explore their own religious, spiritual and philosophical ways living, believing and thinking.

Curriculum and Time Allocation

The RE curriculum at High Ash CE School, follows the Locally Agreed Syllabus and underpinned by Understanding Christianity. Christianity is taught in every year group, with key concepts revisited on a spiral curriculum.

The total time for RE is between 5% and 10%, and it is taught in weekly dedicated lessons. The time dedicated to RE is separate from the time given to Collective Worship. In KS1 this will amount to approximately 36 hours per year; in KS2 this rises to 45 hours per year.

Teaching, Learning and Assessment

RE is taught using an enquiry based approach that is challenging and robust. Learning will be organised to encourage the development of attitudes such as self-awareness, respect for all, open-mindedness, appreciation and wonder, as well as providing opportunities to engage appropriately with Fundamental British Values. All faiths are treated respectfully, and opportunities will be made to engage in age-appropriate, meaningful discussion. Where possible pupils will encounter believers and visit places of worship.

A variety of resources, styles, and techniques will be used as appropriate to enable all children to make progress in RE regardless of their starting points, ability or background. This is a fundamental principle as all of God's children matter and their opinions are valued.

Assessment procedures will follow those of the Agreed Syllabus and be in accordance with other assessment and feedback procedures in the school. Students will engage in a variety of activities which will also enable teachers to assess what they have learnt. Records kept will include information about pupils' experiences and judgements about their attainment and progress, as well as being used to inform planning.

Monitoring and Evaluation

The RE subject leader (at High Ash CE School this person is also a member of SLT because we recognise the importance RE plays in the curriculum). They will monitor teaching and learning in RE in accordance with school policy. The RE subject leader will observe teaching, conduct book and planning reviews and pupil interviews when appropriate to assess the quality of teaching and learning. The headteacher and governors will ensure that adequate monitoring takes place and that the impact of such activity is assessed.

Resources

The RE subject leader will ensure that RE resources are kept up-to-date and that staff are informed when new resources are purchased or made available electronically. Resources will include source materials (eg Bibles, visitors, artefacts) where appropriate and be treated with respect by all staff.

The Right of Withdrawal

Pupils may be withdrawn from RE or part of RE by a parent or guardian (or withdrawing themselves if they are aged 18 or over) in accordance with Schedule 19 to the School Standards and Framework Act 1998; teachers can exercise their right to withdraw from teaching the subject. However, we hope that

all parents and teachers will feel comfortable with the type of religious education being taught at this school.

When a request to withdraw is received by the school, the request will be granted without delay. The school may offer to speak with the parent to try to understand the basis for the withdrawal but only after the request has been granted. The school will make clear that the parent's right to withdraw their child has been granted and that they are not required to give reasons for their request.

Policy Review

This policy should be reviewed regularly in line with schools' procedures. An annual review is recommended if possible, but review must be done within a 3-year period in line with the school's procedure.
